Basic Socioeconomic Security

Social Insurances for Basic Socioeconomic Security

Purposeful policy to establish security and create a large middle class

- Social Security for financial security in old age and in cases of disability
- Medicare to ensure access to health services in old age and in cases of disability
- Massive construction of affordable housing for mobility and employment
- Unemployment benefits for financial support for workers who have lost their jobs
- Disability insurance for on-the-job injuries

Basic Socioeconomic Security at Risk

Rising poverty rates and eroding middle class necessitates policy reform
