Now that classes have begun, we expect to see a rise in our daily gate count as students come to the library to study.

Careful tracking on LibInsight shows that we have had more patron interactions this month than the same time last year.

Within the last week of August, we immediately saw an upick in our headcount statistics that we expect to continue as the semester gets underway.

As Fall Semester began we saw an increase in Loans and Renewals as students and faculty prepare for their courses.

Our monthly newsletters bring information about library events and resources to faculty and students in multiple disciplines.

In August we sent out Did You Know Newsletters on requesting articles and book chapters through ILL and how to access Hathitrust with the new USC Libraries website redesign.
